Christian Education: Rooted and Grounded
Ephesians 3: 17-19 ...that you, being rooted and grounded in love, may be able to comprehend with all the saints what is the breadth and length and height and depth, 19 and to know the love of Christ which surpasses knowledge, that you may be filled up to all the fullness of God.

Opportunities to Fund Special Projects

This summer during the big roofing project, it was discovered that a lot of the plywood under the shingles was rotted which resulted in large sections of plywood that had to be replaced. The replacement of the plywood was an unanticipated cost of \$15,000.00 over budget. We were blessed to have many companies offer us discounts in order to complete the project.

We give thanks to:

- Willy Wyers, owner of North Cascade Building Materials in Everett for providing shingles below cost.
- Kevin Kok, owner of Mount Vernon Building Center in Mount Vernon for providing other materials needed at cost.
- Superintendent, Jeff Droog, for Contracting/Labor/Fork Lift Operator at no cost.
- Saul Calix, owner of Calix Roofing for discounted labor.

Our large lawnmower needed repairs late this summer. The estimated repair cost was greater than the cost of a new mower. We are very grateful to Washington Tractor for offering MVC a nonprofit discount, however, the new lawnmower was an unforeseen expense of \$12,000.00.

MVC is asking for any donations for these expenses. Funds may be sent to Mount Vernon Christian School, 820 W Blackburn Rd. Mount Vernon, WA 98273. If you have any questions, please call the office at 360.424.9157 or contact Jeff Droog at jdroog@mountvernonchristian.org.
