

AUCTION ANNOUNCEMENT!

Due to an increase in new families and some questions due to the different way the auction is being done, here is some general information about the auction as well as drop off and donation information. If you have questions I have not answered, please feel free to reach out!

1

Each item donated will NEED to have a procurement form filled out and turned in with the item. It is critical that we have this for tax purposes, both for the school and for the donor!

2

To avoid wasting forms by sending a few home with every student, we are happy to send forms home upon request. Please reach out to the auction chair at mvcauction@mountvernonchristian.org or one of the school offices.

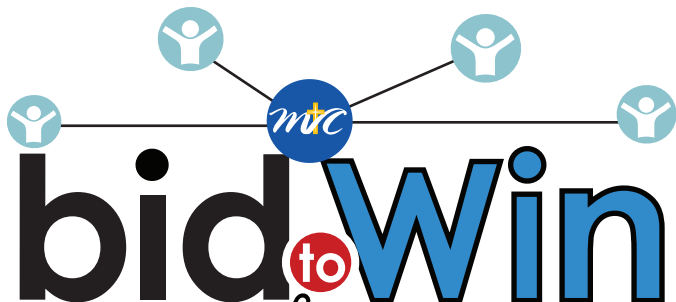

I will also be making myself available after school Mondays – Thursdays and anytime on Fridays to hand out forms and collect items. If you would like to schedule a time to meet please email me at the above email to get that set up. My current plan will be to utilize the parking lot at the church across the street from the school. This will allow us to have better traffic flow and more of a drive thru style process without interrupting or complicating the schools pick up flow.

Auction proceeds benefit the general fund of the school. This money goes to help offset the operating costs, as well as special projects. Special projects are announced at the time of the auction event and monies raised will go directly to that fund.

Thank you!

Nicole Collins, Auction Chair

“ Past funds have been finishing the high school kitchen, replacing drinking fountains in the elementary building, new curriculum, technology, replacing the high school roof and upgrading the elementary bathrooms, just to name a few.
